Soviet Foreign Minister Says Tone of Note Does Not Make for Permanent Peace—Polish Forces Continue to Drive the Russians.

### American Munitions, Intended for Poland, Held in Antwerp Harbor

Brussels, August 26.—The socialist organ, *Le Peuple*, says it hears that the minister of railways and the minister of marine have arrived at Antwerp and decided not to allow the American steamer *Marcella*, which is carrying munitions for Poland, to leave the harbor there.

### London, August 26.—(By the Associated Press.)—The Russian government has replied today to the note of Arthur J. Balfour, president of the council, concerning the peace terms to Poland.

The note of M. Tchitcherine opens with a comment on the unusual tone of the Anglo-Italian governments' communication which, it says, does not tend to help permanent good relations and world peace.

It calls attention to the action of those governments, which had so often accused the Russian government of interfering in the internal affairs of other states, and charges that in this communication they have issued peace propaganda directed against our institutions, which constitutes an act of interference in Russian affairs sufficient to justify corresponding action by us.

M. Tchitcherine says, however, that despite natural resentment the soviet government has decided not to insist upon this point, but to meet fully the wishes of the Anglo-Italian governments to admit the formation of permanent good relations and world peace.

Expressing surprise that the question of the interpretation of principle has caused such difficulty, M. Tchitcherine proceeds to argue that after the limitation of Poland's army of 50,000 was recognized by the British government as a just peace term, it was a concession on the part of Russia to admit the formation of a permanent peace, which he asserts, "is, in fact, a supplementary armed force," and adds: "We therefore find it astonishing that this should arouse the British government's indignation."

"Seeing that Great Britain declares peace through eastern Europe to be its aim, we can point to the fact that the workers in Poland for a long time have been the force steadily opposed to the Polish government policy and have an unrelenting determination to demand peace with Russia. If, nevertheless, the British government so forcibly opposes strengthening this clearly defined pillar of peace, it clearly shows with what distrust it regards the workers."

"If the British government indeed thinks that the workers by nature are animated by the doctrine of bolshevism, such a point of view will undoubtedly be welcomed by those who look forward to spreading bolshevism in Great Britain."

Proposed Civil Militia.

Alluding to the proposed civil militia, he says:

"Although our interpretation of this point in our peace terms is thoroughly justified, we nevertheless are willing to remove this, the only point of divergence, in order to establish a full understanding between us and the above governments."

"As to the terms of peace with Poland, we first of all declare we

Enthusiastic Over Unselfishness of the Governor's War Cry in Senatorial Campaign, Hundreds Crowd to Shake His Hand.

### TRIUMPHANT MARCH OVER SOUTH GEORGIA

After Winning Many Counties to His Banner, Governor Returns to Atlanta Today to Attend to Duties at Capitol.

Quitman, Ga., August 26.—(Special.)—By common consent the greatest political address ever heard in Brooks county was delivered here at 4 o'clock this afternoon by Governor Hugh M. Dorsey to a thousand or more people from Brooks, Berrien, Grady and Lowndes counties, who not only shook the building with their enthusiasm, but according to the estimates of the governor, many of whom are communists, has never been witnessed before in this section of Georgia.

The address, coming immediately upon the heels of a speech delivered in the same auditorium yesterday by Senator Hoke Smith, was necessarily appraised in the light of comparison, and upon its conclusion several hundred voters rushed up to him to shake his hand in a rapturous democratic love feast that lasted for 45 minutes, there were among them scores of former Smith supporters who declared themselves irreversibly behind the Dorsey standard of true and unselfish and uncompromising democracy.

Spoke at Bainbridge. The Quitman address was the second over in an automobile by Governor Dorsey, who left for Bainbridge this morning to a great throng of voters that packed the Decatur courthouse to standing-room capacity, while scores of voters were unable to get near Governor Dorsey, who reached Bainbridge from Edison, having been driven over in an automobile by ex-Senator Smith, prominent Calhoun county attorney. He was met at the station by a delegation of Bainbridge citizens and escorted immediately to the courthouse, where hundreds of country people, many of them from a distance, had already joined the throng from the city to give a royal

### Failure of Election Forecasts Made By Journal Proven by Past Records

The failure of The Atlanta Journal to correctly predict election results, as evidenced by the recent presidential preferential primary, is emphasized in a statement, under the heading "The Wall of the False Prophet," given out Thursday at the headquarters of Governor Hugh Dorsey at the Kimball house.

"As a false political prophet, The Atlanta Journal/Senator Hoke Smith's personal organ, has long since taken the capital prize. Its record of false prediction is a long one."

"It is readily recalled that in the recent presidential primary The Journal predicted that Hoke Smith would lead the ticket, with Watson second and Palmer third."

"On Monday afternoon, April 19th, the day before the primary, The Journal said editorially:

"As for the result of Tuesday's balloting, we doubt not for a moment that it will be decisively and emphatically in favor of Senator Smith."

"In a big black headline on the afternoon of April 20th, when the voting in the presidential primary was very nearly concluded, The Journal said: 'Early telegrams forecast mighty Smith landslide.'"

"In the article under that headline, elaborate and fanciful claims for a Smith victory were made, and among other things The Journal said: 'Many counties reported the vote for Hoke Smith would be greater than the vote for Palmer and Watson combined.'"

"In its forecast of the presidential primary on Sunday, April 18, two days before the election, The Journal claimed 107 counties for Hoke Smith, and in a headquarters statement said: 'We concede Watson 8 and Mr. Palmer 3 counties.'"

"It is now well known to every reader of a newspaper that the actual result of the April primary was precisely the reverse of The Journal's prediction, the order in which the candidates ran being Palmer, Watson, Smith."

"In this senatorial race, The Journal is again predicting. It is offering Georgians practically the same forecast as in the presidential primary: Smith, Watson, Dorsey."

"The actual result will, of course, completely reverse this prediction as did the presidential primary reverse The Journal's prediction in the case."

"The order when the ballots are closed on September 8 will unquestionably be: Dorsey, Watson, Smith."

"Again will the wall of the false prophet be heard in the land. The splendid returns coming daily to Hugh M. Dorsey's headquarters indicate there is no doubt about the fact that Governor Dorsey will lead the ticket."

### GEORGIA VOTERS ANSWERING CALL TO DORSEY COLORS

Numerous Reports Show Ranks of the Governor Swelled at the Expense of Smith and Watson.

### DORSEY BACKERS SEEK BETS AT EVEN MONEY

Bettors Have Little Luck Thursday—Wagers That Senator Will Tail Ticket Find No Takers Here.

Never in the history of Georgia politics has there been such a rush of voters to a candidate's ranks as there has been to Governor Dorsey in the past two days. The Ex-Hoke Smith club has grown in numbers so fast that it is impossible to keep any true account of them.

In the Kimball house lobby Thursday afternoon it was freely admitted that the senator would be third in the race and bets were offered at even money to that effect. There were no takers so far as could be found.

Bets were offered and taken that Dorsey would be the next senator, many of them to the effect that there would be no need of a runoff primary between Dorsey and Watson. Smith was so clearly out of it that after 3 o'clock it was hard to find any of his friends about the Kimball house. Two bets of \$500, even money, were placed that Dorsey would be the next senator. A bet of \$1,000, even money, has been placed at May's that Dorsey would lead the ticket in the first primary, but to a late hour last night no taker had been found for it.

### Governor Home Today

Governor Dorsey returns Friday and will spend the day here. He received a series of ovations on his trip through South Georgia this week. Opening at Cordele, the governor had enormous and enthusiastic audiences there, at Americus, Dawson, Shellman, Cuthbert, Bainbridge and Quitman.

All the reports from these points state that the governor made ringing speeches and gained many new supporters. Senator Smith had preceded him through the same territory, and the contrast in the audiences and the receptions was most marked. The governor's friends are now confident that he will sweep all that section.

### Man's Watch Chain Clashed in the Hand of Murdered Woman

Chain Is Main Clue to Slayer of Young Wife. She Was Attacked and Throat Cut.

Grantwood, N. J., August 26.—A man's gold watch chain, clutched in the dead hand of 20-year-old Mrs. Blanche Schulz, former burlesque actress and wife of a New York car conductor, found slain in the woods near the Hudson river yesterday, is being traced tonight as the main clue to the newest pal-slayer murder.

Identification of Mrs. Schulz's body today and the formal finding by Bergen county authorities that she probably had been stunned, attacked and then killed by cutting her throat, brought close inquiry into the movements of Frank Schulz, her husband, last Saturday night, when the woman is believed to have met her death.

Later in the day the police announced that no suspicion was attached to Schulz, and tracers were sent out broadcast on the trail of supporters of Senator Smith had preceded him through the same territory, and the contrast in the audiences and the receptions was most marked. The governor's friends are now confident that he will sweep all that section.

Questioning of acquaintances today brought out statements that he had given his wife nearly \$500 last week \$250 from a postal savings bank and \$250 other savings—and that she presumably had started Saturday morning for Keyport, N. J., where she and her husband intended going for a visit to relatives.

Where she knew concerning his wife, both in New York and here. He could not say where Mrs. Schulz had put a \$1,000 insurance policy made out for her several months ago, but he said he believed he had been named beneficiary in it. No significance was attached to this.

### HIGH LIVING COSTS ON THE TOBOGGAN, CLAIMS U. S. BOARD

Federal Reserve Board Asserts Latest Reports Indicate 'Important Downward Tendency' in All Commodities.

### PRICE CHANGES NOTED IN BASIC RAW PRODUCTS

Pronounced Check to Speculation, Definite Increase in General Efficiency and Some Curtailment of Extravagance.

Washington, August 26.—(By the Associated Press.)—Market indications that living costs apparently have started on their long-awaited fall were said by the federal reserve board today to be contained in its latest reports. An "important downward tendency" in prices of all commodities exceeding food is evidenced in all parts of the country, the board stated, adding that a sharp reduction in the price of raw products even forecast lower food prices.

The board in commenting on the price changes said there had been a "pronounced checking of speculation as well as a definite, although slight, increase in general efficiency and an 'equally positive yet limited curtailment of extravagant expenditure and unnecessary bargaining.' There has been also a 'sustained tendency' toward the paying off of loans secured by government and other bonds and securities."

The board's reports reveal that within the last two months price changes have been marked in all basic raw products, but have been most noticeable in wool, silk and leather. These reductions are said to have been accompanied by generally corresponding drop of prices in shoes and several other staples.

The downward tendency of prices, the board said, is not to be explained by reference to any

### Irish Lord Mayor Resigned to Die By Starvation

Father Dominic Says He Fears It's Too Late to Hope for MacSweeney's Recovery.

London, August 26.—Terence MacSweeney, lord mayor of Cork, despite serious collapses last night due to his critical condition resulting from his hunger strike in Brixton prison, was brighter this morning when visited by Father Dominic, his private chaplain. He was too weak to speak more than a few words, however.

Mayor MacSweeney's visitors also included his two sisters and Bishop Cullen, of Cork. It was officially stated that the thirteen police constables who have been on duty during last night's disturbances outside Brixton prison when a crowd engaged in a free fight with the police.

When told last night of King George's telegram replying to the appeal of Redmond Howard, nephew of the late John Redmond, urging clemency for Irish hunger strikers, Father Dominic said "I am glad but I am afraid it is too late to hope for the lord mayor's recovery now. He is resigned to his fate."

His Sister's Recovery. As the Rev. Mr. C. August 26.—Terence MacSweeney, a sister of Mrs. MacSweeney, lord mayor of Cork, who is in a dying condition in Brixton prison, London, is suffering agony here as the result of her brother's action and its seemingly fatal consequences.

Madame MacSweeney is a member of St. Genevieve's college, faculty and of the Sisters of Christian Education.

Brother Cables Message. New York, August 26.—Peter MacSweeney, from his desk in the offices of the American Commission for Irish Independence here, today cabled a message of encouragement to Terence MacSweeney, lord mayor of Cork, his brother, now near death from a hunger strike in an English prison.

Peter MacSweeney is an American citizen and has been in New York ten years, learning and working at the shoe cutters' trade, and ever keeping an interested eye on developments in the Irish country.

Read it in next Sunday's Constitution.

### REPUBLICAN DATA USED BY GOVERNOR IN HIS STATEMENT

Typewritten List Exhibited Purporting to Show Republican Leaders Have \$8,145,000 From 51 Cities in 27 States.

### ATTEMPT IS CHARGED TO BUY PRESIDENCY

Cox Says the Republican Treasurer Admits \$7,500,000 Will Be Raised, and Governor Insists Sum Will Be Doubled—Alleges Harding Knows of Details.

Pittsburg, August 26.—Information to support his charges that a republican campaign fund exceeding \$15,000,000 was being raised "in a conspiracy to buy the presidency," was presented by Governor Cox, of Ohio, democratic presidential candidate, in addressing a public meeting here tonight.

Contrary to an intention announced previously, Governor Cox added that he "intended to pass the evidence" to the senate campaign investigating committee.

Governor Cox's data consisted almost entirely of matter taken from the official bulletin of Fred W. Upham, of Chicago, treasurer of the republican national committee, but his chief exhibit was a typewritten list purporting to show republican campaign quotas imposed on fifty-one principal cities in twenty-seven states and aggregating \$8,145,000.

Names of local subscribers, Governor Cox said, were ordered kept secret. These quotas, given as \$500,000 for New York city, \$750,000 for Chicago, \$500,000 for Philadelphia and ranging down to \$25,000 for smaller cities like Albany, N. Y., and Atlanta, Ga., were said by Governor Cox to have been announced about the middle of July.

That Senator Harding, his republican opponent, "was acquainted with the details" of the quota plan and that it was also approved by William Allen, chairman of the republican national committee, was charged by the democratic candidate.

From subsequent issues of the official bulletin, Governor Cox quoted many reports from republican "city" chairmen in Chicago, reporting giving "over the top" and in excess of the alleged quotas.

Announcement of the \$8,145,000 metropolitan quotas, Governor Cox said, was made by David H. Blair, an assistant to Treasurer Upham.

A meeting of the republican national committee, at which William H. Hays, chairman of the republican national committee, "spoke his blessings."

The governor charged that typewritten sheets bearing the fifty-one cities' quotas were "distributed to those assembled," and he produced one of the alleged quota lists, but did not state how or where it was acquired. The quota plan, he said, was carried out like that of the liberty loan campaign.

On "suspicious" Basis. That the reputed attempt to raise

## COAL SITUATION TO BE DISCUSSED

### Special Chamber Committee Meets This Afternoon—Report on Alleged Profiteering Filed With United States Attorney.

The local coal situation will be thoroughly discussed this afternoon when the special committee of the Atlanta Chamber of Commerce meets in the chamber of commerce assembly hall at 2:30 o'clock on the call of Chairman Henry Kennedy.

The report on alleged local profiteering filed Thursday by agents of the department of justice with the district attorney has not yet been made public. The district attorney announced that if the report warranted, prosecution would be instituted against local concerns.

### GOV. COX SUPPORTS SLUSH FUND CHARGES

Continued From First Page.

\$8,145,000 from fifty-one cities in twenty-seven of the forty-eight states is fair evidence that the total national fund will be much larger, was declared by Governor Cox, who said big business men were prominent on the republican way and means committee and that the raising of funds was on a business "salesmanship" basis.

Governor Cox also quoted from statements in the republican bulletin that state and county organizations were not to be "disturbed or retarded in their activities."

Calling attention to Chairman Hays' statement that \$2,000,000 was being raised, Governor Cox said that today's papers carried a statement from Governor Uphaus that the republican total would be about \$7,500,000.

"From the evidence which we shall submit," Governor Cox added, "I think you will agree that we are justified in multiplying Mr. Uphaus' figures by two."

Governor Cox, standing staunchly by his charges that an attempt to purchase the presidency was being made, declared that "the senatorial oligarchy and their friends are harking back to the days of Mark Hanna, stating that in the 1896 campaign, which Mr. Hanna managed, \$16,000,000 was spent."

"It was this foul thing," said Governor Cox, "which Theodore Roosevelt brought to an end when he reformed the republican party. When he was doing it, Warren G. Harding branded him as an Aaron Burr."

"I charge again an assault on the electorate," said Governor Cox. "It can't be hidden; the hosts are marshaled; the money ammunition is prepared, but it will not succeed. The net is spread in sight of the quarry."

"That is the game except to becloud the public mind on the subject of the league of nations issue and world peace."

Quoted from the list of cities' quotas presented by Governor Cox follows:

Atlanta, \$200,000; Chicago, \$750,000; Philadelphia, \$500,000; Detroit, \$450,000; Pittsburgh, \$400,000; Cleveland, \$400,000; Boston, \$300,000; Cincinnati, \$250,000; St. Louis, \$250,000; Buffalo, \$250,000; New York, \$250,000; Los Angeles, \$150,000; Indianapolis, \$125,000; Toledo, \$100,000; Columbus, \$100,000; Bridgeport, \$100,000; Newark, \$100,000; Youngstown, \$100,000; Akron, \$100,000; Cleveland, \$75,000; Milwaukee, \$75,000; Dayton, \$60,000; Baltimore, \$60,000; New Orleans, \$60,000; Rochester, \$50,000; Kansas City, \$50,000; Omaha, \$50,000; New Haven, \$50,000; Spokane, \$50,000; Scranton, \$50,000; Portland, \$50,000; Washington, \$50,000; Louisville, \$50,000; Cincinnati, \$50,000; Schenectady, \$50,000; Portland, \$50,000; Birmingham, \$50,000; Canton, \$50,000; Duluth, \$50,000; Lynn, Mass., \$25,000; Albany, \$25,000; Atlanta, \$25,000; Memphis, \$25,000; Duluth, \$25,000; Lowell, Mass., \$25,000. ## Graphic Scenes of Wreck on Tallulah Falls Line

Just how narrowly a large number of Atlantans and north Georgians on train No. 40, Tallulah Falls railroad, escaped a terrible accident Monday morning en route to Atlanta, when the engine and baggage coach turned turtle, killing Engineer John Harvey and badly injuring Conductor Robert Addington, is graphically shown in the above photograph of the wreck. At the left is shown the large crowd that collected at the scene of the wreck, about seven miles north of the falls, after the engine and baggage car had rolled partly down the steep embankment upon which the track ran at the point when the locomotive was derailed. In the last coach were a number of young Atlanta girls who had been attending a mountain camp, in addition to a house party and other Atlantans. The picture at the right shows the overturned engine with its tender and a section of the baggage car as they rested on the steep embankment, the weight of the back car alone preventing the entire train from crashing down the fill. The railroad is popularly known as Atlanta's "vacation line," the train crew were known to hundreds here, and interest was added by reason of the presence of an unusually large number of Atlanta passengers on the train at the time of the wreck, which occurred at 7:40 o'clock Monday morning.

At this point Governor Cox presented the list of cities' quotas presented by Governor Cox follows:

Atlanta, \$200,000; Chicago, \$750,000; Philadelphia, \$500,000; Detroit, \$450,000; Pittsburgh, \$400,000; Cleveland, \$400,000; Boston, \$300,000; Cincinnati, \$250,000; St. Louis, \$250,000; Buffalo, \$250,000; New York, \$250,000; Los Angeles, \$150,000; Indianapolis, \$125,000; Toledo, \$100,000; Columbus, \$100,000; Bridgeport, \$100,000; Newark, \$100,000; Youngstown, \$100,000; Akron, \$100,000; Cleveland, \$75,000; Milwaukee, \$75,000; Dayton, \$60,000; Baltimore, \$60,000; New Orleans, \$60,000; Rochester, \$50,000; Kansas City, \$50,000; Omaha, \$50,000; New Haven, \$50,000; Spokane, \$50,000; Scranton, \$50,000; Portland, \$50,000; Washington, \$50,000; Louisville, \$50,000; Cincinnati, \$50,000; Schenectady, \$50,000; Portland, \$50,000; Birmingham, \$50,000; Canton, \$50,000; Duluth, \$50,000; Lynn, Mass., \$25,000; Albany, \$25,000; Atlanta, \$25,000; Memphis, \$25,000; Duluth, \$25,000; Lowell, Mass., \$25,000. ### Question of Secretary.

On the question of keeping secret all local subscriptions, Governor Cox quoted from the official republican bulletin as follows:

"The names and amounts subscribed by local donors should not be made public. It is the purpose of the committee to be only the organ of the secret society. Why were the names of local contributors made public? Was it because each contribution would carry its own meaning to the local communities? Or, if secrecy were guaranteed in the community, would the donors be more likely to do the same thing in submitting their returns on box office receipts? Certainly the same reason. What the public is entitled to know, if Mr. Hays and Mr. Uphaus do not come forward fully with the information, the republican National committee ought to remove both and insist upon the disclosure of the campaign fund."

### Alleges Harding Knows Details.

"That Mr. Harding is acquainted with the details of the enterprise is evidenced by a subsequent passage," said Governor Cox, "which is as follows:

"Through the financial work of our organization, we are hearing that form of political patriotism which is evidenced by the fact that every county, every state. Therefore, I want all members of our organization to feel that their efforts are essential to our success in planning for national enlightenment, and deeply appreciated by me."

Governor Cox said he depended upon the public for the proof of his charges upon official documents which came from republican headquarters. He did not plan to send his data to the senate campaign investigating committee, stating privately that he would not get its information from its address tonight.

Beside his statement on republican finances, which he prepared with great care today on the train en route from Evansville, Ind., which he read to his audience tonight, the democratic candidate also discussed the plague of nations and industrial problems, urging settlement of strikes without the boycott.

The normally voiced by their candidate as voiced by his master, privately said Governor Cox in connection, referring to Senator Harding, "is bayonet at the factory door, and the federal reserve system an annex to big business. When the American people fully grasp the plague of nations hanging over them they will shun it as a plague."

## BURLESON IS CURBED BY COURT DECISION

Washington, August 26.—The postoffice department has no authority under the espionage act to enter a blanket order denying second-class mail privileges to a periodical because of alleged past violations of their act in the opinion of Associate Justice Hitz of the District of Columbia supreme court.

The ruling was contained in a memorandum by the justice announcing his purpose to sign an order readmitting to the second-class mail privilege such future copies of The New York Call, a socialist newspaper, as are available under the law.

Because of certain articles published by the Call during the war, the postoffice department on December 6, 1919, issued an order barring future copies of the publication from the mail.

## Ten Years Younger Than His Years

Doesn't it make you feel good—cause you to straighten up and feel "chesty"—when someone guesses your age at ten years or so younger than you really are? You look into your mirror, smile with satisfaction and say to yourself: "Well, he didn't make such a bad guess, at that."

The point is: You're no older than your vitality.

If a man is strong, vigorous, mentally alert, fine and fit at 50 he has a better chance of living up to 80 than a man of 30 who is weak and run-down has of living up to 60. While none of us can stay the years nor stop time, we should all make an heroic effort to successfully resist the effects of time by ever keeping our vitality at par.

When you sense a feeling of slowing down of your physical forces—when your stomach, liver, kidneys and other organs show signs of weakness—when you notice a lack of your old time "pep" and "punch"—in other words, when you feel your vitality is on the wane, you should commence at once to restore your energy strength and endurance by taking

## SHORTAGE OF COAL IN NORTH CAROLINA

Washington, August 26.—An appeal to the interstate commerce commission to relieve the coal shortage in North Carolina was made today by a delegation from that state. Unless relief is provided the situation there this winter will be serious, according to members of the delegation.

Judge R. H. Sykes, of Durham, declared only 10 per cent of the normal coal supply had been received in North Carolina up to last Tuesday, and that prices ranged from \$11 to \$13 a ton.

The commission was asked either to modify its order giving priority rights for cars destined to transport coal to lake ports, limit the exportation of coal or to divert part of the present car supply for the purpose of transporting coal to North Carolina.

## HIGH LIVING COSTS ON THE TOBACCO

Continued From First Page.

one cause or set of causes, but is the outcome of a complex of factors. In wool, the termination of government control in various parts of the world and the sudden marketing of the raw supply held by the United States government has had an important effect.

A "depressed situation" was said to exist in the leather and shoe industry. Shoe manufacturers are slow in placing orders with leather dealers with the result that prices on raw material have suffered a heavy decline. The dull season of late summer was described as beginning earlier and lasting longer. The manufacturers, however, anticipated business fall business, and this is not expected by business experts to increase the level of the prices in these lines.

"Large stocks of leather and hides which had accumulated," the board asserted, "coupled with the decline in consumption demand for leather products resulting directly from the retail price which has been being charged are currently regarded as primarily responsible for the break in the silk market and the subsequent fall in prices of the textile which was attributed to speculative activity in Japan. However, no losses have been sustained by dealers as a result of the refusal of Americans to buy at export prices. Financial difficulties which developed in Japan last spring also are showing effects, and are aiding in forcing a price reduction on silk.

## Lower Prices for Cotton.

Lower prices on cotton and cotton products were forecast because an expected heavy crop combined with a slowing up of demand. The mills were said to be approaching completion of orders already in their hands. Few new orders are being placed, partly because of the lateness of the season and because jobbers and retailers confidently hope for a prevailing lower level of prices when sales on cotton goods reopen next spring.

In addition, the board foresees a generally higher efficiency by labor in industrial production and an improved transportation service. This combination is believed to mean that depleted stocks would be restored to normal in the near future.

"It remains true," the board said, "that there is at the present time a wide gap between the new level of raw material values and the prevailing level of retail prices. During the month of August it has been pointed out by industrial leaders that the high prices of goods produced only in part to high costs of materials and has in very large degree been the outcome of which capital charges and very great advances in the wages of labor.

## In Downward Movement.

"For these reasons, consumers have been discouraged from taking the view that shrinkage in retail values was immediately to be expected as a result of reductions in wholesale field. It is true, however, that the saving afforded by manufacturers through lessened cost of materials and increased efficiency of labor may eventually be reflected in a downward movement.

"For the coming autumn and winter seasons it is likely, however, that this downward movement will be evident in comparatively small degree. In many lines higher retail prices are predicted, due to the fact that purchases for the autumn and winter trade had already been contracted for at the old level of prices, the changes in the prices of materials at the present time showing their effect early in the spring of 1921."

## GEORGIA VOTERS ANSWERING CALL

Continued From First Page.

spoke at Cedartown in the morning at 10 o'clock; at Buchanan at 1 o'clock; and at Carrollton at 2 o'clock.

Thursday, Hon. E. S. Griffith, of Buchanan, spoke at Arlington in the morning for Dorsey. Today, Colonel Griffith will speak for him at Newton, Baker county, in the forenoon, and at Davis Jones' mill in the afternoon.

On Saturday, there will be Dorsey rallies at more than a dozen different places. The governor's friends are so "in the woods" for Dorsey and are making tremendous "nthu" and strength to his campaign. It is expected that Senator Smith's "leg-handed fight is a lost cause, and that he is growing weaker every day. Ten days ago, it was estimated that he would carry twenty-five counties. Today, many close observers do not allow him more than twelve.

## Watson's Strength Waning.

It is plain to all who are watching the situation closely that Mr. Watson's strength is waning. It is believed that he cannot possibly check the tremendous change which is taking place against him. The Dorsey forces are organized and are working systematically. They know the situation and keep up with it just as a bookkeeper keeps up with his bank balance.

To illustrate: In Camilla, Mitchell county, the Dorsey club appointed committees to canvass the county by wards and districts. Councilman C. C. Baggis, of Atlanta, was in Camilla when the committees met and made their reports. The chairman of the committee for the fourth ward of Camilla stated that he had been or had had some one interview every voter in the ward. Not one was missed. He had the name of every voter and how he stood and here was the result:

Dorsey	61
Smith	18
Watson	13
Doubtful	10
Total	102

Senator Smith has organized a committee to follow up on the Mitchell campaign in the past. The tide has changed in Mitchell and it has in scores of other counties.

Dorsey Rallies.

Dorsey meetings will be held on Saturdays as follows: Camilla, 4 p. m.; Pelham, 4 p. m.; Hon. E. S. Griffith, Rochelle and Abbeville, 4 p. m.; Gordon, Sautee, of Savannah, Chipley, 11 a. m.; Hamilton, 2 p. m.; Waverly Hall, 4:30 p. m.; Hon. E. S. Griffith, of Cartersville, 2:30 p. m.; Hon. T. N. Hendricks of Valdosta; Reidsville, 11 a. m.; Hazle, 4 p. m.; Hon. A. M. Deal, of Statesboro, 11:30 a. m.; Hon. Blanton Portson, of Athens; Senola, 3 p. m.; Hon. S. A. Vonn, of Perry; Cuscuta, 2:30 p. m.; Hon. S. D. Dell, of Hazlehurst; Treponton, 2 p. m.; Hon. W. A. Patten, of Rome.

## An Ex-Hoke Smith Man.

W. J. Curry, Savannah, writing on a letterhead of the Carpenters and Joiners district council, applies for membership in the Ex-Hoke Smith Club of Georgia. He says: "I have voted for Hoke Smith in every campaign he has waged except the last one. When he began to play politics during the war to the detriment of our country and in the interest of Germany, I said never again. I think I can qualify as a member of your club, inasmuch as a few years ago I was a citizen of Emanuel county and president of one of the largest Hoke Smith clubs in that section of the state. Please forward the passport. Yours for Dorsey and democracy."

the democratic platform outright, and Dorsey favors it in its entirety, and you neither favor nor oppose it in words, but in not favoring it you automatically oppose it. I am for Governor Dorsey, and feel that I could be for no other, believing that integrity is above intelligence."

Here is another member of the ex-Hoke Smith Club.

W. T. Johnson, a leading farmer of Troup county, has written Governor Dorsey, stating that he supported Hoke Smith every time that he ran for office except in the presidential primary, and declares that he cannot reconcile Mr. Smith's opposition to the democratic administration, and his work with the enemies of democracy. Mr. Johnson's letter is short and to the point, reading as follows:

"I have supported Hoke Smith every time he ever ran for office, except the race for president in the recent primary. Then I supported Palmer. My reason for supporting Palmer was because I am a democrat, and believe in supporting only true and tried democrats. I am most heartily supporting you in the race for state, for I believe in the principles of democracy as stated by you in the great speech that you recently made in LaGrange. I cannot reconcile Mr. Smith's opposition to the administration, his working with the ene-

mies of the democratic party in their effort to defeat the peace treaty and league of nations, and especially his actions in the recent state convention, when he refused to lend his aid in an endorsement of the democratic party. I believe and hope that you will win a great victory on September 8 in the primary election."

W. G. Post, of Newnan, Coweta county, writes Dorsey headquarters as follows:

"We continue to hear of men leaving Smith for Dorsey. Our county grows for Dorsey. His speech here made him many friends."

T. W. Park, of Lithonia, DeKalb county, writes Dorsey headquarters as follows:

"I have always stood for pure and unadulterated democracy and the stand taken by Governor Dorsey. I have five brothers here in my district who are just as I am, with the governor to the end."

## Just From Georgia

By FRANK L. STANTON.

With a Song and a Sigh.

Summer going with a song and a sigh.

The world, her sweetheart, and she'll kiss goodbye!

In the twilight, she'll kiss goodbye!

Stars for lovers, at a rose-wreathed gate.

Singing ever, as she turns to go:

"World I'm loving, and that loves me so!"

The White Paper Kicks.

Leslie Wallace has this one in The

Larned Teller and Toller:

Ex-Senator Perry Says

Voters Should Consolidate

Editor Constitution: As I see it,

the political situation in our state

is serious. We have three candi-

dates for governor, two good men

of the people, either of whom will

make a good governor, and one man

who has been for several years

against the democratic party and

the people of Georgia. Now, un-

der our county unit rule, a candi-

date may carry a county by getting

a little over one-third of the votes.

Suppose a county has 1,500 votes.

Hardwick gets 550, Walker 500,

and Holder 450. Hardwick then gets

the unit votes of that county, with

nearly two-thirds of the voters of

the county against him.

The race for United States senator

is in the same condition, with

Hardwick, Smith, Dorsey and

Watson. Suppose a county has 2,

000 votes; Watson gets 750, Dor-

sey 700 and Smith 550. Watson is

elected, the county has a little over

one-third of the votes.

Now, if none of these men come

out of the race, it is up to the vot-

ers of Georgia to make the man who

is elected get a majority of votes

and in every one of the counties.

We can do it if we leave off prej-

udice, personal likes and dislikes

and consider only the best interests

of the people of Georgia. My plan

is to elect the third man in every

county, and to elect the third man

in every county. In the illustration

above used, instead of Watson car-

rying the county by a plurality of

votes, Walker would carry it by a

majority of several hundred. I use

these figures merely for illustra-

tion. My suggestion is in all cases

drop the low man. If Holder is

stronger in a county drop Walker;

if Walker is stronger, drop Holder.

In the senatorial race, Dorsey will

get more votes than Smith, Dor-

sey; if Smith is stronger, Dor-

sey; if Dorsey is stronger, Dor-

sey. I know it will be hard for some

of Governor Dorsey's friends to

vote for Holder, but I know that

it will be hard for some of Mr.

Hardwick's friends to vote for Dor-

## WALKER ASSAULTS THOMAS HARDWICK

Hardwick's Record Exposed Before Moultrie Audience—Walker Sentiment Growing Daily.

Moultrie, Ga., August 26.—(Special.)—Before a crowd of approximately 500 citizens of Colquitt county, which filled the cotton house and overflowed into the hallways, Hon. Clifford Walker, candidate for governor, delivered a speech here this afternoon which aroused his hearers to frequent outbursts of enthusiasm.

Mr. Walker had traveled from McRae in order to fill his speaking engagement here. It is felt that the race will be exceedingly close in Colquitt county and the Walker supporters were particularly anxious that he should speak here. The Hardwick opposition is strong in this county, although Walker workers believe that they will succeed in placing the county in the Walker column on September 8.

Mr. Walker declared that Georgia had seen herself a summer's task of eradicating Hardwick and said he had devoted his entire efforts to this cause. He made no reference to either of the other candidates, Brown or Holder, in his speech, confining his remarks almost altogether to the official record of Ex-Senator Hardwick. He opened his speech with an outline of the Brown constructive policies which he advocates for the benefit of the state and its citizens, and promised his utmost efforts for better schools, better roads and the increase in home-ownership in the state.

He declared the greatest need of Georgia today to be for a better educational system, particularly for the rural districts. In arranging his opponent's record, Mr. Walker stuck closely to the official record. He warned against the growing menace of the influx of foreign bolshevik agitators into this county and read an Associated Press dispatch from New York describing a socialist meeting at which Hardwick had spoken at which time he had been introduced as the "next governor of Georgia." Mr. Walker asked what right had these foreign socialists to presume to nominate a Georgia governor. He severely condemned Hardwick for his \$20,000 to represent Marietta and his bolshevik associates before United States courts which sought to have them deported.

Mr. Walker especially warned the south. On account of the efforts of the communists, as Lenin is known among the negroes, he read United States department of justice reports showing how the negroes are largely responsible for the racial unrest among the negroes of the north and showed how negro magazines were advocating strikes of southern negro cotton workers "to bring the white south to its knees." He declared that any man who would, for a fee, give counsel and aid to a set of men who would do such things as this, was unfit to be the governor of Georgia. Mr. Walker was accorded a splendid reception by his friends here. The race in Colquitt county is going to be exceedingly close between Walker and Hardwick, with practically no vote for Holder or Brown.

At noon, S. H. Baggs, well-known Moultrie business man, entertained at a luncheon at the Colquitt hotel in Mr. Walker's honor. At the luncheon were present George D. Mott, T. W. A. Wamble, G. W. Newton, Lawrence Shively, John Clark, Jr., Rev. George Clark, Spencer Harrell, Bill Taft, Park Harper, Mr. Baggs and Mr. Clark introduced Mr. Walker at the meeting. Mr. Clark is a well known state legislator of Colquitt county and he spoke most graciously of Mr. Walker's high personal integrity and his fitness for the great office to which he aspires. He introduced him as the next governor of Georgia.

Hoke Smith spoke here this morning in his campaign for the United States senate. Mr. Smith also spoke in the courthouse. The courtroom was crowded for New Bedford and its capacity is estimated at about 500.

## ATLANTA WEATHER MAN NOT WORRIED BY SUPERSTITION

Most weather prophets are superstitious to some extent and dread the idea of picking a winning combination for a Friday. In C. F. Herrmann, in whose capable hands lies the burden of forecasting Atlanta's weather possibilities, an exception to the rule is found. Hoodoo days mean nothing in his young life. His official forecast for Friday, the 27th, is fair weather, and holds every prospect for continued sunshine.

Very few places in the cotton belt reported rain during the past 24 hours. There is, however, considerable cloudiness reported across the central part of the belt from Montgomery, Ala., west to Taylor, Texas. The precipitation occurred elsewhere in the country. Temperatures are generally moderately higher than in the past few days as at home. At 2 o'clock Thursday afternoon the official figures at the Atlanta station read 75.

Following a summary of weather and crop conditions in the cotton belt issued by Mr. von Foremann, another synopsis has been issued by Charles F. Marvin, weather chief, Washington, D. C. His report follows:

"The week averaged normal in temperature in the central and eastern parts of the cotton belt, but below normal in the northwestern. The rainfall was moderate to heavy in the northwest and in many central and eastern localities."

"The progress of cotton was poor or it deteriorated in many localities on account of the following conditions, although the progress of the crop was mostly about the average to very good in the northern districts of the belt."

The weather was too cool and wet in Oklahoma, where cotton making rank growth, but the cotton was not satisfactory to very good. Cotton deteriorated in Arkansas, Louisiana, portions of southern and central Alabama and Georgia, but made satisfactory progress in Tennessee and northern Mississippi. Picking is progressing in southern and central Georgia."

Red Cross public health nurses and home service secretaries closed a most interesting and helpful conference Thursday afternoon at 2 o'clock. The morning session was given over to a discussion of organizational plans, the meeting being addressed by Manager J. L. McMillin and Assistant Manager Legare Davis. Delegates asked numerous questions of interest in connection with both from division workers and those in the field. Chapter leaders and division workers in matters pertaining to organizing methods in the various sections of the division were discussed. Mr. McMillin announced that 22,000 persons under Red Cross tutelage have been qualified in hygiene work, pointing out the value of such training in improving health conditions throughout the country. This subject was further discussed in the afternoon session by Miss Mary Arthur, director of the Bureau of Dietician service. Miss Arthur distributed among the delegates a bulletin outlining what experts declare a most perfect diet.

Joseph Logan presided at the afternoon session. He discussed the most part dealt with the question of the relation of the paid worker to the volunteer worker. The effort was to learn whether or not the worker should have any financial interest in the funds with which to finance the movement, or leave it to the executive committee of the chapter. It was the prevailing opinion that the chapter alone should assume responsibility for the financing of all such activities.

**TOBACCO PLANTERS  
TO VISIT CAROLINAS**

Fitzgerald, Ga., August 26.—(Special.)—A number of tobacco growers are planning to visit the Carolinas to learn their methods of marketing tobacco. A solid train of sleepers is to be made here to convey the party, which will travel from the various tobacco counties of south Georgia. It was a preliminary effort will be made to interest Carolina tobacco growers in the possibilities of the tobacco industry in the south. Georgia and the opportunities which are open to settlers. Land exhibits will form part of the display to be carried on the train.

**HOLDER ADDRESSES  
BAINBRIDGE CROWD**

Bainbridge, Ga., August 26.—(Special.)—Hon. John N. Holder addressed an audience of 500 DeKalb county voters in the courthouse at Bainbridge today in the interest of his candidacy for governor. He had an attentive hearing and made an important address, touching all the important issues of the campaign, lauding the progressive legislation enacted during the time he has served in the state legislature and promising, if elected governor, to give the people a strictly business administration.

**BOLL WEEVIL INFESTS  
CLARKE COUNTY FIELD**

Athens, Ga., August 25.—(Special.)—The first general infestation of boll weevils was reported today by County Agent Jones Purcell. After he and Professor Frank Ward, state college of agriculture, had inspected the field of Dave Berger, the Coon county field, the boll weevils had made great progress during the recent bad weather. The weevil will do comparatively little damage this year, because it was hatched here only in small numbers on isolated fields.

**Army Engineer Retires.**

Alstetter, United States engineer, on account of physical disability incurred in line of duty, has brought sincere regret to his many friends here. He was born in the district. The announcement of his retirement was not made here. Colonel Alstetter will continue to reside in Savannah.

## EX-SECRETARY WILSON PASSES INTO UNKNOWN

Trar, Iowa, August 26.—James Wilson, former secretary of agriculture, died at his home here today. Sketched by James Wilson.

James Wilson was head of the department of agriculture for fifteen years, during which he contributed largely to the phenomenal agricultural development of the United States. His long service in the treasury, had previously held the record with service of nearly thirteen years.

Mr. Wilson's service, however, was notable for the constructive work which it included, rather than for the remarkably long time which he held the portfolio, with complete acceptability. He was a man of diverse temperaments—McKinley, Roosevelt and Taft.

Mr. Wilson was an Iowa farmer. Born August 16, 1835, he was the son of a Scotchman, who left Virginia, Scotland, in 1822 to settle his family in Iowa. Near the present town of Trar, Iowa, the family founded the new home, and in that neighborhood the son, James, began farming on his own account as early as 1861, and at the same time began his political career.

Wilson was a member of the Iowa legislature, and served in all three terms. He was regent of the Iowa State university from 1876 to 1882, and for six years prior to becoming secretary of agriculture, he was director of the state experiment station and professor of agriculture at the Iowa State agricultural college. His application of science to agricultural practice brought him to the attention of President McKinley, who made him secretary of agriculture March 4, 1897.

When Mr. Wilson took office, the agricultural development of the country was already remarkable, but in the years during which he was at the helm of its interests, so far as the federal government was concerned, it was a period of rapid growth. ## KNOXVILLE GIANTS BEAT BLACK CRACKERS IN PITCHERS' DUEL

[illegible]

The two teams will meet this afternoon in a twin bill, the first one featuring under way a game between the Birmingham Giants and the Knoxville Madrox. The Madrox, who probably be on the mound for the Atlanta, while Dickey and Hendrix will be in the lineup for the Madrox is the one-armed wonder of the colored Southern league, and is not a very good pitcher. The Atlanta organized baseball. While not on the mound Madrox will be seen as a player in the outfield.

At the beginning of the 1920 season he was signed by the but he was released to the Knoxville Giants.

In yesterday's game he was playing in the outfield. He probably played today accepting four hard hits as well as a home run.

But he is in good shape as a ball player. Further than his player of the year.

Most of them are of the fly variety, but the Atlanta outfielders are playing back.

## COMING TO RIALTO

"All who saw Mae Murray and David Powell in their recent big screen success, 'On With the Dance,' are doubtless anxiously awaiting the appearance of these two famous stars in their new picture, 'The Right to Love,' which comes to the Rialto next Monday for a week's stay.

This is without doubt the finest picture of its kind that will be seen in Atlanta this season.

# GORDON WOODBURY

## SUCCEEDS ROOSEVELT

Washington, August 26.—Gordon Woodbury, formerly a member of the New Hampshire legislature, has been appointed assistant secretary of the navy to succeed Franklin D. Roosevelt.

Mr. Woodbury's appointment by President Wilson was announced today by Secretary Daniels. The new assistant secretary represented New Hampshire on the resolutions committee at the San Francisco convention and has taken a prominent part in the political life of his state for many years. He was a member of the New Hampshire constitutional convention in 1900 and was a candidate for congress in 1916.

Secretary Daniels said Mr. Woodbury had "always taken a deep interest in the navy and the question of naval enlargement," and recalled that Mr. Woodbury's great uncle, Levi Woodbury, was secretary of the navy during Jackson's administration.

Eileen Percy and Betsy.

Lucky dog, even if he is breaking fast on dog biscuit. Who would not be glad even of that lowly repast? Eileen Percy, Betsy is Miss Percy's favorite bull pup and she is so appreciative of the importance of being Miss Percy's dog that she has developed a snobbish strain which is much against the code of her mistress, who is taking drastic measures to reform her.

The punishment for Betsy's haughty consists chiefly in being forced to share luncheon with all the homeless mongrels around the studio. But then who would not be willing to eat luncheon with mongrels if breakfast were served by a pretty screen actress dressed in a pretty and filmy negligee? That makes it unanimous.

**Would Be Divorced.**

In the county clerk's office recently Pauline Frederick, the motion picture actress, filed papers in suit for divorce from Charles W. McLaughlin, better known as Willard Mack, actor and playwright.

The plaintiff in her complaint, which was filed by her attorney, George Edwin Joseph, charged her husband with misconduct and mentioned "an unknown woman."

Accompanying the complaint was a report filed by a referee recommending that an interlocutory decree be granted, which was based on testimony previously taken from witnesses.

Pauline Frederick married Willard Mack in Washington, D. C., on September 27, 1917, shortly after he was divorced from Marjorie Rambeau, who named Miss Frederick as co-respondent in her suit.

Miss Frederick and Willard Mack have been separated for several months.

## THEATERS

## MOVIES

**Lyric (H. F. Keith's Vaudeville).**—Vinie Daly, one of the Famous Daly Family and formerly of Hammerstein's Opera company, headlines the last half of the week in a singing offering. Other acts are Harry Antrim, "The Old Follows," Boyd and Hunter, comedy entertainers; Girard Brothers, acrobats; Rhoda Chester and Lillian Allen, musical comedy girls. Pictures—Pathe News, Bray Picture, Topical Tips.

**Loew's Grand.**—Thursday, Friday and Saturday, Esther Trio, sensational novelties; Robb and Whitman, "Back to School Days," a comedy playlet; "The Royal Harmony Five," society vocalists; Al Hawthorn and Johnny Cook—without rhyme or reason—and Frenz, Baggett and Frenz, the "Jazzologists of Baseball," also a first-run feature photoplay, "The Red Lane," in "The Red Lane" and Loew's News pictures from all parts of the world together with comedies.

**"A Chorus Girl's Romance."**

(At the Forsyth.)

The theory sometimes advanced that a good musical story does not mean a good picture certainly is refuted in Viola Dana's new photoplay, "A Chorus Girl's Romance," which began a three days' engagement at the Forsyth Thursday, a picture of F. Scott Fitzgerald's recent Saturday Evening Post story, "Head and Shoulders."

The story has to do with the romance and later the marriage, and still later the very real and substantial very pathetic, but always very human, vicissitudes of a chorus girl with a propensity and gift for shimmying, and a scholarly prologist at Yale. Miss Dana was at her bewitching best throughout the entire play, and her Hughes, her leading man, gave decidedly his share toward the pleasing success of the picture.

Tom Gallery, Lawrence Grant and Edward Johnson all deserve special mention for the excellent support they gave the picture. The largest crowd of recent months greeted Miss Dana at the opening of this picture.

The Paramount Magazine, the Burton Holmes Travelogue and the Fox News Weekly were interesting and well received.

**Keith's Vaudeville.**

(At the Lyric.)

Better vaudeville programs have been seen at the Lyric than the offering for the last three days of the present week, but taken as a whole, the bill now running affords some splendid entertainment features and is one that maintains the Keith reputation for class in acts and ensemble. No particular act stands out on the program, all being ably executed and well staged.

Vinie Daly, billed as "one of the famous Daly family and formerly of Hammerstein's Opera company," takes headline place with a song and dance number that is very attractive. Miss Daly's songs have been well received by Monday afternoon's audience, her accompaniments being played by Rubin Bloom.

Rhoda Chester and Lillian Allen, "those two musical comedy girls," open the show with a spicy turn that puts the audience in a pleasant frame of mind, and Harry Antrim makes the theater sound like a great barnyard with his clever animal imitations. Bond and Hunter company offer a "comedy entertainment" that is chiefly noteworthy of mention only by reason of the fact that our fathers laughed so heartily in their youth over its moss-covered combination of "the nigger and the ghost."

Girard Brothers close the bill with a good gymnastic act, and the program is also strengthened by the regular run of news and feature pictures.

**At Loew's Grand.**

(Vaudeville.)

If ever a vaudeville bill combined the essence of variety—that is on view at Loew's Grand during the first half of the week takes the honors. From grand opera melodrama to beautiful song to nut comedians, the bill travels gracefully. Headlining the show is the Royal Harmony Five and they well deserve their position. As a rule, the classical melody has little place in vaudeville, rather does the jazz elicit the greatest applause, but the three men and two women who form the act are not only splendid singers, but they have chosen their songs with a very accurate estimate of what the public wants. Their ensemble rendition of the Carmen medley was in itself worth the admission price and one of the women sang "Your Eyes Have Told Me So," sufficiently well to do what they call in theatrical parlance,

**Criterion Theater.**—All week, "Go and Get It," a thrilling newspaper mystery; Byron Warner, tenor; Topics of the Day, Pathe Review.

**Strand Theater.**—Thursday, Friday, Saturday, Roy Stewart in "The Lone Hand," also good comedy.

**Tudor Theater.**—All week, Eugene O'Brien in "A Fool and His Money."

**Forsyth Theater.**—Thursday, Friday, Saturday, Viola Dana in "A Chorus Girl's Romance," Fox News and the Gumps.

**Rialto Theater.**—All week, Rex Beach's comedy drama, "Going Some," also brand-new Mack Sennett comedy, "Fresh From the City."

**Vaudeville Theater.**—Friday, William S. Hart in "The Disciple," Fatty Arbuckle in "Moonshine."

**Savoy Theater.**—Friday, "Sinners," featuring Alice Brady, a comedy, "Fair but False."

**Alpha Theater.**—Friday, "The Great Air Robbery," featuring Lockie, the sky daredevil; a comedy, "Why Wild Men Go Wild."

"stop the show," though she was compelled to refuse an encore on account of fatigue. From the sublime to the ridiculous brought forth Hawthorn and Cook, two men who style their act, "Without Rhyme or Reason," which is played perfectly. They played on toy instruments and kidded themselves and the audience into a state of stacy and rare good humor. The Esther Trio are two pretty girls and a mere man do some amusing flip-flops and hand balancing, particularly the man on a table, and their precocious perches. Robb and Whitman do a school boy and girl skit that is tuneful and humorous, and Frenz, Baggett and Frenz demonstrate that a straw hat can be made to do almost anything. Their juggling is out of the ordinary in its excellence. Oh, yes, don't miss seeing a pair of trick ears possessed by Johnny Cook, of the team of Hawthorn and Cook. The feature photoplay for the last half of the week at the Grand is Frank Mayo in "The Red Lane," a thrilling story of border smugglers, together with Loew's News pictures from the four corners of the earth and comedies.

**"The Lone Hand."**

(At the Strand.)

Roy Stewart, the famous western star, packed the Strand Thursday to the top with his new screen success, "The Lone Hand," one of the best productions that this big gun-fighter has given the silent drama this season.

Those who like real western pictures, with plenty of excitement and daring action, will surely enjoy this photoplay.

**"Go and Get It."**

(At the Criterion.)

It has remained for Marshall Neilan to bring forth a picture that combines the elements of a deep scientific present day question with a plot that holds human interest as its fundamental objective. This production is "Go and Get It," which is playing this week at the Criterion theater, a picture differing from anything ever before seen on the screen. The production centers about the successful operation of a surgeon in transplanting the brain of a human into the skull of a gorilla. The newspaper angle is related to the story by virtue of the fact that a newspaper reporter, inspired by his city editor to "Go and Get It," is credited with solving the mystery. Other features of the program are "Topics of the Day," the Pathe Review and vocal solos by Byron Warner, the well-known Atlanta tenor.

**"Going Some."**

(At the Rialto.)

Only two more days remain for those who have not seen Rex Beach's famous comedy-drama, "Going Some," to do so, as this feature will positively close its engagement at the Rialto on Saturday night. This is the first of a series of comedy dramas that Mr. Beach will write for the screen, and if the rest of them are half as good as this, it's a sure thing that his success in the lighter order of pictures will be as great as in the heavier ones.

"Going Some" is all the same implies, for it "goes some" from the minute it hits the screen.

Columbia, S. C., August 26.—(Special.)—Formation of the Cotton Export corporation by the American Cotton association is warmly approved by Governor W. P. G. Harding. The new corporation is mentioned in a telegram sent by him to J. S. Wannamaker, president of the American Cotton association, made public today at Columbia.

"Answering your telegram, would state that the policy of the federal reserve banks for many months past has been shaped so as to enable them to render all reasonable assistance to member banks in facilitating the production and orderly distribution of essential commodities, including the products of mines and factories as well as farm products. The government is a seasonal one and in this early stage requires large additional credits. Federal reserve banks are therefore, in a legitimate demand."

Henson, of Calhoun, newly elected commander of the Georgia department of the legion, that he will throw himself unreservedly into the fight against the two candidates, are the latest developments in the legion's campaign.

W. L. LeConte post No. 81 is the latest Atlanta post to take a stand with Atlanta post No. 1. This post passed resolutions at its last meeting indorsing the stand of Atlanta post No. 1 in its courageous fight and offering to the fullest extent the services and co-operation of the members in the anti-Watson-Hardwick movement.

Legion Post in Buford. It was announced at the headquarters of the campaign that this post was being organized at the request of a number of ex-service men there since the Watson incident in that town. Columbus, Ga., August 26. (Special.)—The annual convention of the Georgia department of the legion, held at the Hotel Hamilton, August 26, 1920, was a success.

Both Mr. Sirmion and Mr. Stephens, who were in the city Thursday, declared that they had addressed large crowds at Acworth, LaGrange, Calhoun, Moultrie, Washington, Adel and Duluth and that sentiment was fast crystallizing against both Mr. Watson and Mr. Hardwick.

In a statement regarding his stand on the candidacy of Mr. Watson and Mr. Hardwick given out Thursday, Mr. Henson declared that he had never been in sympathy with any man who was not a native-born American, and that he was in sympathy with the principles of Americanism.

His statement follows: "To carry out the letter and spirit of our present state constitution, I am compelled to throw myself fully and without reservation into the fight against Hardwick and Watson. To do this, I give expression to sentiments which I have in the chest. I never have been in sympathy with any man whom I considered to be in thorough accord with the principles of Americanism.

"The prime purpose of the legion is expressed in the preamble to its constitution, which is familiar to most every one. This preamble states that the purpose of the legion is to protect the rights of the citizen, and to maintain the principles of Americanism.

"I am not a member of the legion, but I am a citizen, and I am proud to be a citizen of this great state of Georgia. I am proud to be a citizen of this great nation of America.

"I am proud to be a citizen of this great state of Georgia. I am proud to be a citizen of this great nation of America. I am proud to be a citizen of this great state of Georgia. I am proud to be a citizen of this great nation of America.

"I am proud to be a citizen of this great state of Georgia. I am proud to be a citizen of this great nation of America. I am proud to be a citizen of this great state of Georgia. I am proud to be a citizen of this great nation of America.

## CENTRAL MAY SPEND BIG SUM IN COLUMBUS

\$2,000,000 Improvements Planned, Provided City Does Its Part.

Columbus, Ga., August 26.—(Special.)—That the Central of Georgia railroad is willing to expend \$2,000,000 in improvements in Columbus, Ga., was announced at a meeting of the board of directors of the railroad, held at the hotel here Thursday.

Mayor Couch stated that high officials of the Central would be in Columbus next Wednesday and on that evening would discuss the proposition with the board of aldermen assembled at that time for the September session.

The city of Columbus, in conjunction with the railroad company, has planned to lower Eleventh street, giving an underpass for vehicles entering and leaving the city.

The mayor stated that the only hitch in the completion of the proposed improvements is the inability of the railroad people to begin work by March, 1921. The official opening of something must be done at an early date in reference to eliminating the street crossing.

Present plans being considered by the mayor call for covered tracks over Tenth and Twelfth avenues.

After the location of the tracks is determined, it is understood, would be remodeled to meet the elevated tracks.
